## Tutoring program breaks for the Summer...

May 18, 2004 marked another end of the year for our tutoring program. It has been an educational year for the students. It was exciting to see the students gain confidence as they improved their understanding of the English language that so many of us take for granted!

Our last evening started with the tutors picking the students up from their homes. Once they arrived at the church, they read for a half hour before the special program for the night began. We had the privilege of having Ms. Joy, a professional reader. She read 2 children's books to the students. Both the tutors and students enjoyed the time with Ms. Joy.

Next came the presentations of completion certificates for the students and appreciation certificates and gifts for the tutors.

Then each tutor partnered their student in playing the game "Snatch the Stars". The students had lots of fun going around finding stars that were pasted all over the room.

We ended the program with food & drinks for everyone.

Before long, it was time to take the students home. Many were reluctant to go because of the impact the tutors have on the students.

And Little Gloria came up to me, gave me a hug and said she will miss me — reluctant to go... And I will miss her too!
